

WAR REVENUE BILL CALLS FOR \$1,800,000,000 IN TAXES

Programme of Visitors' Three Days in New York

Following is the programme for the reception and entertainment of the French War Commission in New York City, which began late this afternoon:

Arrive at the Battery from Hoboken at 4:15 this afternoon and proceed to the City Hall along Broadway.

Ceremonies at City Hall, following which the party proceeds up Centre and Lafayette Streets, to Fourteenth Street, to Fifth Avenue, to the Frick residence at Seventieth Street.

To-morrow the party will leave the Frick home in time to be at the North Meadow, Central Park, at 9:45 A. M. for the presentation to Marshal Joffre of the golden miniature replica of the Statue of Liberty Enlightening the World, the gift of thousands of New York admirers by a subscription raised by The World. Should the weather forbid the presentation in the open air the ceremonies will be held in the Armory of the Seventh New York Infantry, Park Avenue and Sixty-sixth Street. No tickets of admission will be required in either event.

Later the party goes to Brooklyn, via Fifth Avenue, Fourth, Lafayette and Canal Streets to the Manhattan Bridge, and thence to Prospect Park, via Flatbush Avenue, Nevins Street, Atlantic Avenue, Fourth Avenue, Sackett Street and Berkeley Place.

Leave Prospect Park at noon for the Hotel Astor, going via Eastern Parkway, Bedford Avenue, Williamsburg Bridge, Delancey, Lafayette Ninth Street, Fifth Avenue and Forty-second Street and Broadway.

Leave the Astor at 2:30 for the Frick residence, going via Forty-fifth Street and Fifth Avenue.

Leave the residence at 3:45 for Columbia University, going via Fifth Avenue, One Hundred and Tenth Street, Morningside Park and One Hundred and Sixteenth Street.

Leave the University at 5 P. M. for Grant's Tomb, going via One Hundred and Sixteenth Street and Riverside Drive.

Leave the Tomb at 5:30, going via Riverside Drive to the Joan of Arc statue, thence to Seventy-ninth Street, to Central Park to Fifth Avenue and the Frick residence.

Boy Scouts, tier upon tier, rose to a height of twenty-five feet. When the French envoys arrived the boys stood at attention, while the girls waved American flags.

Grosvener Atterbury, the architect who designed the decorations of the Court of Honor ordered the greenery designs about the court lowered so that the people unable to obtain invitations for the ceremonies might be able to see what takes place in the court.

which the jumps become longer. The maximum individual income tax will be 33 per cent. super tax in addition to the present super tax on all incomes over half a million dollars.

Corporation income taxes will be a straight 4 per cent. without any super taxes. The excess profit tax, as finally fixed and written into the bill, doubles the present tax of 8 per cent, making it 16 per cent.

Besides taxation there are three other phases of the war financing problem, as follows:

1. Regulation of food prices by the Government to stop speculation and prevent extortion.
2. Prices to be charged to the Government by producers and manufacturers for supplies needed in preparation for war.
3. Flotation of the great war bond issue by the Government, figured in billions of dollars.

WEALTH EIGHT TIMES AS GREAT AS IN CIVIL WAR.

The wealth of the country is eight times as great as during the Civil War when \$3,000,000,000 was raised. Germany, which has raised enormous war loans, has only two-thirds as much population as the United States and but one-third the wealth.

The Treasury estimates that if every individual in this country should subscribe to the new bond issue to the extent of only 5 per cent. of his total possessions, the loan would be taken six times over.

The soaring prices of foodstuffs, particularly of wheat, made in speculative markets, are under serious consideration by the Government with the intention of taking arbitrary action.

The plan now proposed is to fix prices so that speculative boards of trade will be put out of business. An average of prices of wheat for a five year period before the war will be taken as a basis and to that will be added a certain percentage to compensate for the abnormal conditions brought about by war. Just with this additional percentage will be the uncertain factor in the calculation.

Business men from many parts of the country are interested in knowing whether the extremely low prices made to the United States Government for certain staple products, such as copper and steel, are to be extended to England and France.

For example, the copper producer named 16-23 cents per pound as the price of the metal. Steel men fixed prices on a standard basis of 2.9 cents per pound for steel plates, which is only about one-third the prevailing market price.

Captains of these industries have plainly told the Government that these figures were made for the United States alone and represented in large part a patriotic contribution.

An increase in all present tariff duties of 10 per cent. ad valorem on all imports now on the free list, a new duty of 10 per cent. ad valorem on all imports now on the free list, was unexpectedly agreed to late last night, as the House Ways and Means Committee completed the Administration War Revenue Bill.

The bill provides for a total increase in the revenue of \$1,800,000,000 a year, the amount demanded by the Treasury Department.

The committee has added three important taxes to the bill and several of minor importance. The principal ones were:

A tariff of 10 per cent. on imports now on the free list and an increase of 10 per cent. ad valorem on all present duties. This tax will bring approximately \$200,000,000 a year.

Increases in the inheritance tax. Provision for an extra tax on corporation incomes for the calendar year 1916. This will bring approximately \$110,000,000.

The inheritance tax increases were put in the bill over the protests of several members. The increases agreed on are:

The exemption was lowered from \$50,000 to \$25,000 and a new tax of 1 per cent. levied on inheritances from \$25,000 to \$50,000.

The increases from \$50,000, the point at which the taxes started under the old bill, are:

One-half of 1 per cent. of the amount of such net estate not in excess of \$50,000; 1 per cent. between \$50,000 and \$100,000; 2 per cent. between \$100,000 and \$250,000; 3 per cent. between \$250,000 and \$500,000; 4 per cent. between \$500,000 and \$1,000,000; 5 per cent. between \$1,000,000 and \$2,000,000; 6 per cent. between \$2,000,000 and \$5,000,000; 7 per cent. between \$5,000,000 and \$10,000,000; 8 per cent. between \$10,000,000 and \$20,000,000; 9 per cent. between \$20,000,000 and \$50,000,000; 10 per cent. between \$50,000,000 and \$100,000,000; 11 per cent. between \$100,000,000 and \$200,000,000; 12 per cent. between \$200,000,000 and \$500,000,000; 13 per cent. between \$500,000,000 and \$1,000,000,000; 14 per cent. between \$1,000,000,000 and \$2,000,000,000; 15 per cent. between \$2,000,000,000 and \$5,000,000,000; 16 per cent. between \$5,000,000,000 and \$10,000,000,000;
